Pupils returning to S5 must choose five subjects in total. Initially this will be a free choice from the list of subjects below and subject will then be formed into columns based upon pupil choices. It is an expectation that S5 pupils will select courses they are currently studying in S4. Unless otherwise stated, courses will be offered at all levels. However, courses will only run if there are sufficient numbers to merit this. All pupils will study core PE and Personal & Social Education, and have input during the year on religious and moral education.
