Homework

Why is Homework good?

- ◆ **Homework** is a great way for young people to develop independent, lifelong learning skills.
- ◆ There is evidence to show that students who do **homework** perform better in school.
(2006, Duke University psychology professor Harris Cooper)
- ◆ **Homework** reinforces the learning being done in the classroom
- ◆ **Homework** is a way of helping to review your school work and remember all the information from your subjects

What's the Problem?

- ◆ Finding it difficult to study or do homework at home?
- ◆ Don't have the equipment you need at home to do homework?
- ◆ Don't have time or a quiet space at home?
- ◆ Always got an excuse for your teacher?

You need PHS Homework Club!

What's in it for me?

- ◆ A senior buddie to help with your work, remind you to come along and help you find out what you need to do

At after school club:

- ◆ snacks will be provided to fuel your brain!
- ◆ If you live outwith Perth, we may be able to help with transport.

Then maybe...

- ◆ Make new friends
- ◆ Become more confident
- ◆ Not get into trouble with your teachers!
- ◆ Get better at your subjects
- ◆ Get better qualifications
- ◆ Achieve your dreams!
