Pupil Support for Learning – Supporting your child in Perth High School

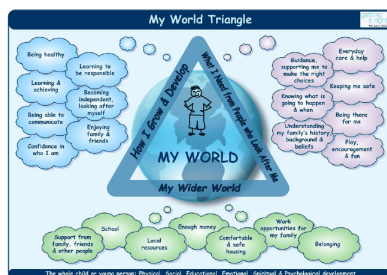

Our Department

The Pupil Support for Learning Department is part of the wider support team at Perth High School providing support for a wide range of additional support needs that can have an impact on your child's learning or ability to access the curriculum.

We have 7 Support Teachers and 10 Pupil Support Assistants (PSAs). Teachers are linked with the Guidance team and have a caseload for their House. PSA's support pupils in a variety of ways both in and out of the classroom, to ensure they are safe, included and achieving.

We work closely with the rest of the support team (Guidance and Community Link) as well as other partners and agencies, to ensure we Get it Right For Every Child.

All our teachers are highly experienced and come with their own set of skills and strengths so that our department can offer a wide range of opportunities in order to meet your child's needs.

Our Remit

- ◆ Communicating and providing advice to all subject staff about the needs of their pupils through the ASN information profiles, discussion, planning and formal training.
- ◆ Supporting subject staff to meet the needs of the young people in the classroom by working alongside the teacher and departments to develop appropriate materials and learning environments.
- ◆ Targeted interventions to address specific needs such as literacy and numeracy, life and social skills or motor skills. This will be 1 to 1 or small groups in the support base or HUB.
- ◆ Supporting pupils with social and emotional challenges that impact on their learning through The LINK and Nurture groups and providing a nurturing, welcoming and equitable environment.
- ◆ Organise Child Plan Meetings to establish or review the needs of individual pupils
- ◆ Supporting pupils with their transition both into and out of secondary education including enhanced transition, supported work placements and transition planning for adult services beyond school.
